

# USB800 4G LTE Global USB Modem

inseego

## Just what's needed to send and receive critical information while serving your community

### Easy-to-Use

The USB800 provides first responders with instant 4G LTE connectivity to use with a laptop or other device, with no software or device drivers to install. Just plug it in and connect making you ready for every condition. It's that simple!

### Small and Pocketable Design

It's small and pocketable design is ready and available in any situation. Built with a swivel hinge to adjust to any USB port orientation.

### Fast and Global

The fastest USB modem with download speeds of 480 Mbps to support your mission critical operations while giving real time information. Global connectivity covering LTE, HSPA+ and UMTS bands in over 200 countries.

### Ready for Any Workday

USB800 is FirstNet certified and ready to accommodate the demands of every workday. Access Band 14 with first responder mobile data terminals using the USB800 for a complete solution while protecting and serving our communities.

### Security & Safety Through Connectivity

Connect with confidence knowing your data is secure. USB800 features the latest cellular security protocols supporting corporate unbreakable VPNs and remote management.

### Failover Protection

In addition to connecting mobile users, the USB800 can provide failover communications for point-of-sale systems, kiosks and other IoT devices. With integrated sGPS technology, it's also ideal for tracking mobile assets.

# USB800 Product Specifications

## Technology

- 4G LTE-A CAT 18, 480 Mbps LTE Max Throughput  
B1/B2/B3/B4/B5/B7/B12/B13/B14/B17/B18/  
B20/B28/B29/B30/B66
- HSPA+/UMTS  
B1/B2/B4/B5/B8
- Carrier Aggregation  
5 CC Download CA
- 2x2 MIMO

## Chipset

- Qualcomm SDX20

## GPS

- sGPS Capable

## Connector

- USB 2.0 Type A with Swivel Hinge
- External Antenna Port

## Dimensions

- 3.58 x 1.45 x 0.45" (91.1 x 37 x 11.4 mm)

## Weight

- 2.4 oz (68 g)

## Environmental

- Operating Temperature: -10°C to 55°C

## LED Indicator

- Multi-color LED

## SIM

- 4FF

## Operating System

- Linux® Ubuntu 12.4 or Higher
- Microsoft® Windows® 7 or Higher
- Mac OS 10.5 or Higher

## Security

- Security Hardened Web Interface
- Admin Password Hash
- Incorrect Password Lockout
- Parameter Tampering

## Enterprise Features

- VPN Support
- Remote Configuration Support
- IT Administrator Settings Lockdown

## Standards /Approvals /Certifications

- FCC
- ISEDC
- PTCRB
