

BPC100 BUSINESS PHONE CONNECT

About Inseego

As a U.S.-based company, we design and develop all of our products in the USA and hold them to the highest security standards. Our products and solutions are trusted by top tier carriers, government entities, and Fortune 500 enterprise customers.

HD Voice Over VoLTE

BPC100 offers HD Voice over VoLTE allowing you to hear inbound and outbound calls in high-definition with clear, natural sounding audio.

Flexible Connectivity Option

Equipped with multiple plug and play connectivity options to support your business. The BPC100 offers an ethernet port (RJ45) port with Cat 4 data speeds for powering your devices such as computer, router or point-of-sale terminals. In addition, the BPC100 supports G3 fax machines (RJ11 port can be used for either phone or fax), and a dedicated RJ31 port specifically for your security/alarm systems.

Keep Your Business Running

BPC100 offers battery backup support with 3 AA batteries included in case of in-building power outage.

Ready for Any Job

The portable nature of the device allows customers to quickly deploy where it is needed most in kiosks, construction trailers and small offices. The BPC100 is also compatible with One Talk® from Verizon.

Best in Class Processor and Technology

Purpose-built to deliver seamless, reliable and secure phone connections with optimized antenna performance.

Technology by Inseego: Always a Step Ahead

With advanced security, intelligent antenna features and more, Inseego always keeps you on the leading edge.

BPC100 Product Specifications

Technology

- LTE CAT 4
- Verizon Certified Bands
B2, B4, B5, B13, B66

Chipset
