

4G Global Modem USB8L

Around the world with LTE

The fast and reliable USB8L offers global connectivity covering LTE, HSPA+ and UMTS bands in over 200 countries.

Easy to use with compact design

Its compact design comes with an innovative swivel hinge to adjust to any USB port orientation. The USB8L provides instant 4G connectivity for your laptop or other device, with no software or device drivers to install. Just plug it in and connect.

Safe and secure

Connect with confidence knowing your data is secure. Designed and developed in the U.S., the USB8L includes cellular security protocols with VPN support to keep your information protected.

Ready for any workday

USB8L is ready and able to accommodate the demands of every workday. Perfect for any business looking for continuity between employees working at home, in the office, or on the go.

Enable business continuity

In addition to connecting mobile users, the USB8L can provide failover communications for point-of-sale systems, kiosks and other IoT devices. With integrated GPS technology, it's also ideal for tracking mobile assets.

USB8L Product Specifications

Technology

- LTE CAT 18, 480 Mbps LTE Max Throughput B1/B2/B3/B4/B5/B7/B12/B13/B14/B17/B18/B20/B28/B29/B30/B66
- HSPA+/UMTS B1/B2/B4/B5/B8
- Carrier Aggregation 5 CC Download CA
- 2x2 MIMO

Chipset

- Qualcomm SDX20

GPS

- sGPS Capable

Connector

- USB 2.0 Type A with Swivel Hinge
- External Antenna Port

Dimensions

- 3.58 x 1.45 x 0.45 (91.1 x 37 x 11.4 mm)

Weight

- 2.4 oz (68 g)

Environmental

- Operating Temperature: -10°C to 55°C

LED indicator

- Multi-color LED

SIM

- 4FF

Operating system

- Linux® Ubuntu 12.4 or Higher
- Microsoft® Windows® 7 or Higher
- Mac OS 10.5 or Higher

Enterprise features

- VPN Support

Standards /Approvals /Certifications

- FCC
- ISEDC
- PTCRB
- GCF
